A Life Membership in The Nature Conservancy is conferred upon the payment by an individual of $300 designated for the Guarantee & Income Fund. This fund serves a two-fold purpose. The securities in which the fund is invested may be used as collateral for loans to aid land preservation projects which the Board of Governors recommends for interim financing. At the same time, the income from the investments supports the national as well as the chapter operations of the Conservancy.

CLASSES OF REGULAR MEMBERSHIP

$2	Junior (18 and under)	$50	Supporting
$5	Regular	$100	Guarantor
$10	Sustaining	$500	Sponsor

The Nature Conservancy is a member-governed organization, incorporated in the District of Columbia for non-profit educational and scientific purposes. The National Office is in Arlington, Virginia, and Regional Offices are located in Minneapolis, Minnesota, San Francisco, California, and Arlington, Virginia.

The Nature Conservancy was incorporated in 1951. The Conservancy's first effort at land-saving was the Mianus River Gorge in Westchester County, New York, in 1954. This very successful endeavor turned out to be the forerunner of 400 projects in which the Conservancy has since been involved. These 400 sanctuaries are located in 42 states and total more than 190,000 acres.

The Nature Conservancy works closely not only with numerous scientific and conservation organizations but with municipal and state governments as well as the federal government.

The Nature Conservancy is the organization rallying the skills, the techniques, and the funds actually necessary to save land. Its total resources are massed for this one objective.

CHECKLIST OF NATURE CONSERVANCY PRESERVES

A complete listing to May 1970 of lands now owned by The Nature Conservancy, lands controlled by conservation easements, or under purchase contract. Included in this summary are areas formerly owned by the Conservancy, now conveyed to others, usually with a reverter clause. (Such areas are identified by the symbol⊙.) Also included are preserves in the establishment of which The Nature Conservancy played some role, large or small. (These are identified by the symbol ⊕.)

Please write The Nature Conservancy to obtain the name of the person in charge of any particular area.
